Profile

Front-End Developer and Student with a passion for teaching and empowering others through technology. Known for clear communication, self-discipline, and a drive for radical self-improvement. Taught foundational AI Automation to children aged 5–14, breaking down complex topics into fun, understandable concepts. Adept at building modern, responsive websites and applications with strong attention to design, accessibility, and user experience. Seeking opportunities that challenge and grow both technical and leadership skills..

Experience

TECH EDUCATOR (VOLUNTEER)

- Self-Initiated Project | 2025
- Taught introductory AI Automation to children aged 5–14 using interactive lessons and age-appropriate language.
- Designed engaging, hands-on activities to help learners understand core AI concepts and logic.

YOUTUBE CONTENT CREATOR:

- Owns a YouTube channel with 1.2K Subscribers and up to 300K Views On YouTube

FRONT-END DEVELOPER TRAINEE

Innovation Growth Hub, Aba | 2025

- Trained in modern front-end technologies including HTML, CSS, JavaScript, and React.js, with a focus on responsive, user-friendly design.
- Collaborated with peers on small-scale web projects, applying best practices in UI/UX design and code optimization.
- Developed problem-solving and debugging skills through real-world coding challenges and mentorship sessions.
- Worked with volunteers on building WordPress website templates.
